OBJECTIVE

Aspiring and motivated Computer Science student with a strong foundation in programming, algorithms, and software development. Eager to leverage academic knowledge and practical skills through a challenging internship to gain hands-on experience, contribute to innovative projects, and collaborate with a dynamic team. Passionate about continuous learning and dedicated to delivering high-quality solutions to complex technical problems. Seeking an opportunity to apply and expand my expertise in a real-world setting, while making meaningful contributions to the organization's goals.
